

Exquisite Express Inc

Located in the heart of San Antonio Exquisite Design Co. was created in 2010 by Founder/CEO L Simone Hart. With a passion for decorating and helping people she decided design would be the best route to take in a career path and it worked!

Heading out into the world giving people and their homes or offices a fresh new start she often took on small projects, mostly for friends and family, but soon discovered there was more than meets the eye and further explored her talents. Much to her surprise Simone realized she had a gift for matching items for specific people. Two years later Exquisite Express Inc was born, stemming from food; fashion and now Exquisite Design Co.

“What separates our firm from others is we don’t work in a traditional office setting. We all have the freedom and flexibility to enjoy our everyday lives, not having to quit our regular jobs (at least not right away) because we work in the field. Coming together when ever a project large or small presents itself and creating beauty, elegance and functionality of all that we do!”

Warmest Regards,

Our clients come first! We all want to be appreciated, especially when we are paying for a service. People can get pretty picky when it comes to designing a business, home or office and they have the right to be, because after all they their employees, family or co-workers have to function within it's walls daily. It's our job to make this an extraordinary experience for both them and our agency.

We will do whatever it takes to make sure our clients are satisfied. This way we will receive more referrals for more jobs thus making us all very successful. Our agency strives to be the very best we can be. Enjoying what we love to do while making great connections with the people we serve daily.

In our team we will place high client design using savvy technology, creativity, intellect, hard work, dedication, passion and integrity in all that we do.
